RITHESH ROHAN

ritheshrohan.github.io   ritheshrohan7@gmail.com

I specialise in User Interface Design and Development. My design + development background empowers me to create seamless experiences having minimal, aesthetic and engaging interfaces. Evolving into a Full Stack Developer has helped me understand, architecture, design and implement scalable projects as well. I'm always up for improving my skill set and learning anything and everything new which I try to incorporate in my personal/professional life as well.

Please feel free to contact me to know more about how I can help your business grow.
